What people in the know have to say about Alvin and his impact on our kids...

“All teenagers must know the truth about illegal drugs and their devastating consequences, and what better way than to attend Mr. Powell’s presentation?”

Giovanni Di Legge, Montreal Police

“You have a gift... students sit in absolute silence, hanging on to every word.”

Principal, Rosemere High School

“I had no reason to stop (using marijuana). One day, an angel came to save me, and that angel was you.”

Secondary 5 student

DRUGS AND OUR YOUTH

Every day, thousands of young people are faced with decisions about using drugs. Daily, 25,000 North American teenagers try drugs and alcohol for the first time, and the UN ranked Québec #1 for marijuana use in the industrialized world. These are not impersonal statistics - your child or the child of someone near and dear to you will be approached about, coached to, or coerced into trying marijuana in their first year of high school or earlier. Many cannot or will not resist, and the results could be devastating.

SAVING STATION'S WORK TOUCHES AND TRANSFORMS LIVES

A registered Canadian charity, we are dedicated to the elimination of substance abuse by our youth. Since 2004, our spokesperson, Alvin Powell, has connected with hundreds of thousands of our teens. Alvin is a former **NFL offensive lineman for the Seattle Seahawks and Miami Dolphins**, who realized the “American dream” and lost it all, and very nearly his life, to addiction. He has since dedicated his life to helping kids avoid the lure of drugs through inspiring, educational school seminars and workshops.

HOW YOU HAVE MADE A DIFFERENCE

This past year, thanks to your generous support, the Saving Station Foundation and Alvin Powell have been able to continue their good work in our communities. We have shared our powerful anti-substance abuse message with schools in Québec and across Canada, reaching **thousands of our youth**. Alvin has also worked with individuals and small groups of already addicted youths, helping save them and their families from the devastation of substance abuse. Alvin has armed them with the truth about drugs, so they can better make the *right* decisions when they find themselves in the *wrong* situations.

Thank you for your continued support!
